

imits are posted.

SAFETY BELTS REQUIRED
To save lives and reduce injuries, Michigan law requires all drivers and all front-seat passengers to wear safety belts. The fine is \$25.

CHILD RESTRAINT
All passengers up to age 18 also must be properly buckled up, regardless of where seated. Children under age 1 must be in an approved safety seat wherever they are seated. Children age 1 to 4 must be in an approved safety seat when in the front seat. When riding in the back, they must be protected by an approved safety seat or safety belt. Buckle up for life.

RAILROAD CROSSINGS
Motorists are required to stop when lights are flashing at a railroad crossing and are prohibited by state law from driving around crossing gates when they are lowered. Proceed with caution at all crossings and expect a train at any time. Trains can't stop.
